Course Description from Graduate Bulletin:

Are your students prepared to be successful in the 21st Century workplace? Instruction needs to be adaptive to keep pace with the changes occurring in the workplace. Learn how to become an agent of change in your school and better prepare your students for their professional careers. This course will cause you to reflect on your current instruction in light of what 21st century students need and provide you with a systems view of what needs to change in your classroom and in your school.

Graduation Reminder to Students:

If this is the final semester of a degree program and students are completing all requirements for the master’s degree, students can self-register for the graduation audit (GRD-OOOB). For more information, go to: <http://wilkes.edu/academics/graduate-programs/masters-programs/graduate-education/graduation.aspx>. Students should check with their advisor before registering for the graduation audit if unsure that all program requirements were met.

School of Education Learning Outcomes (SELO)

Education students will develop and demonstrate the following learning outcomes as appropriate to their selected level and field:

1. the knowledge, skills, and scholarship appropriate in their chosen field of study.
2. effective written and oral communication skills.
3. information literacy that fosters intelligent and active participation in the educational community.
4. technical competence and pedagogical skill to infuse technology in support of the teaching and learning process.
5. the ability to make informed decisions based on accurate and relevant data.
6. Actions reflecting integrity, self-respect, moral courage, personal responsibility, and the ability to understand individual differences in order to meet the needs of the students and communities served.
7. collaborative skills that promote teamwork.

Graduate Education Student Program Outcomes (GEPO)

1. The student will develop the knowledge, skills, and scholarship that are appropriate to the educational program.
2. The student will demonstrate effective written and oral language skills appropriate to knowledge acquisition and professional responsibilities of the discipline.
3. The student will demonstrate data driven decision-making skills.
4. The student will demonstrate an understanding of diversity by applying differentiation to the educational process.
5. The student will understand the critical role of collaboration in creating an effective educational process.

Program Specific Student Learning Outcomes

21st Century Teaching and Learning (21CPO)

1. Identify the gap that exists between current instructional practices and the skill set needed by students for success in the 21st Century workplace.
2. Understand the role collegial collaboration plays in establishing a 21st Century classroom.
3. Apply the principles and components of 21st Century instruction to create an authentic learning environment.
4. Understand the changing role of the teacher and the student during 21st Century instruction and learning.
5. Effectively utilize technology in 21st Century instruction to promote higher level thinking skills.
6. Develop and implement appropriate assessment strategies for 21st Century instruction.

Student Learning Objectives & Evidence of Student Learning

*Learners are required to complete additional activities not listed in this table. These activities are designed to scaffold learning so learners are able to successfully complete the key assessments that are designated as evidence of learning.

Course Requirements & Assessments

Each assessment within the course is aligned with one of the course objectives (learning goals). Each set of assessments will be averaged and weighted according to the distribution below to determine the final score earned in the course.

Learning Log Entries: Throughout the course, learners will complete a number of activities that require them to reflect on course concepts, activities, and new learning in their Learning Log. Learning log entries are viewed and scored by the instructor/facilitator only.

Online Discussions: Throughout the course, learners will engage in online discussions with their course colleagues in which they discuss their knowledge and experiences around a course topic or activity. Discussions can be viewed by all learners in the course and they are scored by the instructor/facilitator.

Essays: At the end of units 2, 3, and 4, you will be required to respond to an essay question that covers topics presented within that particular unit.

Your essay should be written with the following general APA specifications:

- *Margins:* 1 inch margins (top, bottom, right, and left)
- *Font Size and type:* 12 point Times New Roman
- *Line Spacing:* double spaced throughout the entire paper
- *Spacing after punctuation:* One space after punctuation marks within a sentence (commas, semicolons, etc.) and two spaces after end punctuation
- *Paragraphs:* Indent 5-7 spaces or .5 inches
- *Page numbering:* One inch from the right edge of the paper on the first line of every page

For more information on APA please refer to <http://www.professionalpractice.org/current-students/resources/>

Multiple Choice Questions: At the end of each unit, you will be required to answer 5 to 10 multiple choice questions that cover content presented within that particular unit. Multiple choice questions are scored electronically upon submission, and cannot be submitted a second time.

Metacognitive Research Review: The culminating activity for this course will be to conduct a metacognitive research review where you will critically analyze a topic through published articles, books, and research studies. The metacognitive research review must be written completely in accordance with APA (American Psychological Association) standards.

Course Rubrics

	Learning Log Rubric Performance Levels			
	Advanced 25 points	Proficient 21 points	Emerging 17 points	Novice 13 points
Completeness	Completes all aspects of the activity with reflective responses.	Completes all aspects of the activity.	Completes some aspects of the activity.	Does not complete the activity.
Understanding of Course Content	Entry demonstrates a strong understanding of course concepts.	Entry demonstrates a clear understanding of course concepts.	Entry demonstrates some (limited) understanding of course concepts.	Entry demonstrates little or no understanding of course concepts.
Application of Course Content	Entry demonstrates definite and appropriate application of course concepts.	Entry demonstrates a clear application of course concepts.	Entry demonstrates limited evidence of application of course concepts.	Entry demonstrates little or no evidence of application of course concepts.
<p>** Note: This will be used as a holistic rubric. Therefore, the facilitator will look for the score column which seems to be a best match to the learner's performance. Total points for the activity are indicated at the top of each column.</p>				

** The term “reflective response” involves going beyond the lower-level thinking indicated by a response such as: “Good idea, I agree.” More appropriately, these responses should add to the discussion with a reference to research or studies, a personal education story, or the posing of an open-ended question.

	Online Discussion Rubric Performance Levels			
	Advanced 38 points	Proficient 32 points	Emerging 26 points	Novice 19 points
Frequency of Postings	Responds to the initial posting by facilitator and posts multiple replies to other group members' postings.	Responds to the topic posted by facilitator and posts 1 reply to other group members' postings.	Responds to the topic posted by facilitator or posts multiple replies to other group members' postings.	No postings.
Timeliness of Postings	Response to initial posting and multiple replies to other members' postings are done within specified time period.	Response to initial posting and reply to other member's postings are done within specified time period.	Response to initial posting or reply to other member's postings are done within specified time period.	Postings are not done during specified time periods.
Content of Postings	Responses are insightful, demonstrate a strong understanding of course concepts and definite application to practice.	Responses demonstrate a clear understanding of course concepts and some application to practice.	Responses relate to course concepts, but no elaboration. Evidence of possible misunderstandings.	Responses are not related to course concepts or no posting.
<p>** Note: This will be used as a holistic rubric. Therefore, the facilitator will look for the score column which seems to be a best match to the learner's performance. Total points for the activity are indicated at the top of each column.</p>

Graduate Education Grading Scale (MS Level):

Grading Scale			
4.0	A	94-100%	Academic achievement of superior quality
3.5	B+	87-93%	Academic achievement of good quality
3.0	B	80-86%	Academic achievement of acceptable quality in meeting graduation requirements
2.5	C+	75-79%	Academic achievement of adequate quality but below the average required for graduation
2.0	C	70-74%	Academic achievement below the average required for graduation
0.0	F	Below 70%	Failure. No graduate course credit

A grade of "X" indicates assigned work yet to be completed in a given course. Except in thesis work, grades of "X" will be given only in exceptional circumstances. Grades of "X" must be removed through satisfactory completion of all course work no later than four weeks after the end of the final examination period of the semester in which the "X" grade was recorded. Failure to complete required work within this time period will result in the conversion of the grade to 0. An extension of the time allowed for the completion of work should be endorsed by the instructor/facilitator in the form of a written statement and submitted to the Registrar.

Graduate Education Policies

Academic Integrity

Wilkes University holds the following principles to be essential to responsible, professional behavior for employees and students: honesty, trustworthiness, integrity and dignity, as well as respect and fairness in dealing with other people, a sense of responsibility towards others and loyalty toward the ethical principles promoted by the University through our mission, vision and values. It is important that these principles and the tradition of ethical behavior be consistently demonstrated and carefully maintained.

The School of Education at Wilkes University is highly invested in demonstrating the critical importance of these principles for the students in our programs. All faculty members are charged with upholding the high professional standards that will become the foundation for the professional development of our students. Any suspicion of academic dishonesty that is detected by faculty or staff is addressed as outlined in the procedure found at <http://wilkes.edu/academics/graduate-programs/masters-programs/graduate-education/grad-ed-forms.aspx>

A quality education requires that students are as aware of their ethical responsibilities as they are their program content. Students must assume personal responsibility to ensure that their work is original and that it is properly referenced. The American Psychological Association's Manual of Style is used as the guide for proper citation of work that is referenced by students in their research and writing.

Attendance/Participation and Late Work Policy (face-to-face and online)

Face-to-face or synchronous sessions: Attendance at all graduate sessions is expected, as is punctuality and adherence to deadlines and dates set for assignments and presentations. Students are responsible for all content and assignments due when absent. The instructor/facilitator must approve anticipated absences in advance. It is an expectation at the graduate level that absences from class should only be taken for emergencies or mandatory work requirements. If the absence is due to a sudden or unexpected event, the student should contact the instructor/facilitator as soon as possible following the class session. Students at the graduate level should expect that an absence from a class session in which a major assignment, presentation, or assessment is scheduled could result in a significant consequence or additional requirements as determined at the discretion of the instructor/facilitator.

Online courses or asynchronous sessions: Student participation is expected on a frequent basis from the date the course opens and throughout the course. Assignments must be submitted by the required date. Discussion deadlines are set by the instructor/facilitator. **Late discussions are not accepted for partial credit after the dates set for each discussion.**

Late Assignments: Assignments submitted after the due date will result in point or grade reductions, which can vary depending on the nature of the assignment and the instructor's/facilitator's policies. Late assignments are typically graded down one grade increment for each day after the due date, unless the student has contacted the instructor/facilitator before the due date to ask for an extension. Granting extensions for assignments and the acceptance of late work are at the discretion of the instructor/facilitator.

Penalties levied by the instructor/facilitator in accordance with this policy are not subject to grievance by the students.

Graduate Course Expectations

All coursework must be completed and submitted when due in a manner consistent with the high expectations of a graduate level student.

Required Reference Format: All students are expected to follow the most current APA guidelines for giving credit to and citing Internet and non-Internet sources and references. Please be aware that points will be deducted for reference citations that do not follow APA format or do not give proper credit to all relevant sources, whether used as a reference or quoted directly. All sources are to be cited within the body of the assignment and matched to a full reference on a separate reference page that follows APA format.

Course Technology Integration

Graduate level courses are offered in a hybrid format with both face-to-face and online sessions. The course management system that Wilkes University uses for online courses is Desire2Learn. the National Institute for Professional Practice uses its own proprietary learning management system.

Required Hardware: To access e-learning courses, a multimedia-class computer with Internet connectivity is required. To find about more specific requirements (for PCs and Macs) review Wilkes University's eLearning Technical Support Pages.

Required Software: Please consult Wilkes University's eLearning Technical Support Pages for information about specific Internet browsers. If you are unsure what Internet browser version you are running and which plug-ins or ancillary players are currently installed on your computer, visit the Browser Tester. The following software applications are necessary for this course: Word, Excel, PowerPoint, access to either Windows Media Player or QuickTime.

Help Desk: For technical assistance, go to <http://wilkes.edu/about-wilkes/offices-and-administration/information-technology-services/index.aspx> or contact the Wilkes University Help Desk at 1-570-408-4357 (HELP) or 1-866-264-1462.

Academic Supports

Library Access: Wilkes offers an online library service that you can access from home. The library is available online at <http://www.wilkes.edu/library>. Students can search the online catalog, browse periodical databases, view full-text articles, submit an interlibrary loan, ask a reference question, and much more.

The online article search is available to anyone currently enrolled in or affiliated with Wilkes University. All article searches are free. Click on the database that you would like to search at <http://wilkes.beta.libguides.com/library/databases>

Wilkes Library Guides (LibGuides) provide discipline-specific research assistance, subject guides, and useful resources are available. The direct link to the Graduate Education LibGuide is <http://wilkes.libguides.com/gradededucation>

Please note that if students are not on Wilkes campus, a log in to some of the databases may be required using the Wilkes email username (without "@wilkes.edu") and password to gain access. Those databases followed by an * require a special password, whether on campus or off campus. Please contact the library reference desk at 570-408-4250 for additional information. Students should contact the Wilkes Help Desk to obtain forgotten passwords.

Writing: The Writing Center, located in the lower level of the Library, is available to all Wilkes students and provides free assistance in all aspects of writing and communication, including the required APA format. Contact the Writing Center: 1-570-408-2753 or online at <http://www.wilkes.edu/resources/writing>

Disability Accommodations: Wilkes University provides disability support services (DSS) and coordinates academic accommodations through University College. Any student with a documented disability (chronic medical, physical, learning, psychological) needing academic accommodations, as addressed by the American with Disabilities Act (ADA), must contact the University College to request accommodations. Current and qualifying documentation of the disability will be required. University College will determine reasonable accommodations in conjunction with course instructors/facilitators and possibly other personnel. Both the student's needs and the essential components of course or program learning experience will be considered when determining reasonable accommodations. Students who do not follow the identified process will not be regarded by the University as having a disability. Contact: 570-408-4153 for more information.

Wilkes Graduate Education Program

Identity Authentication: The university and students share a joint responsibility to ensure that each student's contribution in an online course activity comes from that student alone. For the student this responsibility has two parts: Students are responsible for positively ensuring that every contribution to an online course created with the students' Wilkes University computer account is made by the student alone. Contributions covered under this policy include: written assignments; quiz and exam submissions; discussion forum postings; live participation in text-based chat sessions, phone conferences, and videoconferences. If a student allows another person to write or make any kind of submission to an online activity in the student's name, then this constitutes cheating and will be treated as a

violation of academic honesty.

Students are responsible for ensuring the integrity of their Wilkes University computer account security by following the actions required of them by the university's IT Security Policy (Appendix A: Security Guidelines for Electronic and Technology Resources) and the Acceptable Use Policy. These actions include keeping passcodes private, updating passcodes when required by the university network, and reporting breaches of the security policy to the IT Helpdesk.

Program Evaluation: Wilkes University Graduate Education Programs are fully accredited by both Middle States and the PA Department of Education. As such, it is sometimes necessary to collect student work for examination by program reviewers. By virtue of this statement, notification is given to all students that their work may be collected and used as artifacts to support program goals and as such may be reviewed by external evaluators. The review process is for program evaluation only and in no way will materials be utilized for any other purpose or gain. Students may decline to participate in this process by giving a written and signed note to their respective instructor/facilitator at the beginning of each course.

Act 48 or Act 45: Wilkes University will automatically submit (90) Act 48 or 45 credits to PDE approximately 4-6 weeks after students receive final course grades. Students can check credits recorded at the PDE site: <https://www.perms.ed.state.pa.us/>

Class Schedule for the Semester

An activity time breakdown is located in the Learning Guide document available with course access. The course instructor/facilitator will send learners a schedule for completing assignments once the course begins.
